EXPERIENCE

Epsilon, Bengaluru — *Quality Engineer 2*

Jul 2023 - PRESENT

Performed comprehensive analysis of Inbound, Marts, Extracts, CCPA/GDPR, and NCOA processes for hospitality and financial sector clients, leveraging Agile methodology to optimize ETL data flow and improve pipeline quality, achieving a 25% increase in operational efficiency.

Prepared and delivered 5+ key documents to initiate validation, providing feedback to Automation and BSA teams, driving a 15% increase in efficiency and a 20% reduction in validation cycle time.

By conducting a thorough analysis, I identified and resolved critical bottlenecks early, preventing a 60-day delay and improving workflow efficiency by 30%. This proactive approach kept the project on schedule and ensured timely delivery without compromising quality.

Developed a proof of concept (POC) for the Extract analysis flow and presented it in a Guild Session to 150+ team members, improving understanding and adoption by 30%.

Organized team-building activities, enhancing team cohesion and engagement.

Ford Motors Pvt Ltd, Chennai — *Data Engineer*

Sep 2021 - Jun 2023

Managed Aftermarket Data with Informatica and Alteryx, improving processing efficiency by 30%, while migrating a project from a legacy system to Informatica ahead of schedule and implementing an ETL pipeline, boosting system efficiency by 20%.

Managed the complete Agile workflow for the project, working with the Project Manager to oversee Rally for daily stand-ups, resulting in a 15% increase in team productivity and on-time project delivery.

Coordinated between 3 teams to successfully complete the Business Continuity Plan (BCP) and Annual File Review (AFR) 2022, ensuring 100% alignment with organizational objectives and on-time delivery.

Organized and facilitated internal team-building activities, fostering collaboration and improving team morale.
